--- Wrap-up ---

JOHN

0:00 Hello?

BRIAN

0:01 Hi, may I speak to John please? Hey, John. This is Brian from a service trade. Do you have a quick minute?

JOHN

0:03 This is John.

JOHN

0:08 Yeah, I mean, I don't have to what's that?

BRIAN

0:10 No, I'm I was just kind of touching base. I know you had been in talks with a, with J last year sometime then. I was just kind of following up on some contacts... and just kinda seeing, you know, what's your process, where we are still, you know, implementing BuildOps or kinda what... what your process is, where these days?

JOHN

0:26 Yeah, yeah. We're up and going with BuildOps and so far relatively satisfied. So, not... not really interested in moving right now, at least.

BRIAN

0:31 Okay.

BRIAN

0:34 Okay. No, like I said, we were just kind of, you know, kind of touching base you Tennessee, where are you? Right? I know he had wanted to follow up with, you... you know, a little bit. So I just kinda wanted to reach out.

JOHN

0:42 Yeah, yeah. I mean, you can leave it on the radar, you know, maybe touch base back with me in a year or so. Something like that, you know?

BRIAN

0:49 Okay. Alright. No, no, that's... that's perfect. John. I will, I'll make a note, but I will reach out to you maybe at a later date.

JOHN

0:58 Okay. Sounds great. Thank you... you too. Thanks.

BRIAN

0:59 Thank you. Have a good day.

The End
