CHARLIE

0:00 Hi, Samantha, please?

MICHELLE

0:00 GT mechanical. How may I direct your call?

MICHELLE

0:04 Sure. May I tell her who's calling please?

CHARLIE

0:07 Yeah, Charlie at service trade.

MICHELLE

0:09 One moment, please?

MICHELLE

0:27 Thank you for holding. This is Sam.

CHARLIE

0:28 Hey, say my name is Charlie riddled with a company called service trade. You got a quick minute?

MICHELLE

0:34 Huh. Yeah.

CHARLIE

0:37 Thank you. Thank you again. I'm a service trade. We are a software company that work with commercial service providers, doing service management software. Our platform helps out with everything from jobs in the field, to scheduling and dispatch, and quoting, workflow management, all that good stuff. What are you guys currently using now to manage these processes?

MICHELLE

0:56 So, actually, we just signed a contract with BuildOps. We're going live with BuildOps in March. So we are not looking for anything new at this time.

CHARLIE

1:07 All right. Well, wish you guys the best, and you have a great one.

MICHELLE

1:11 Thank you too.

*The End*
