TYLER

1:14 Good. How are you doing?

BROOKE

1:16 I'm doing well. I had a note to check in with you today.

BROOKE

1:21 Kinda wanted to catch up on how things are going in next steps, if you had a moment.

TYLER

1:26 Yeah, I've gotta talk to key because I know he was meeting with our controller and the general manager. I believe they met last week on Friday. So I just got to follow up with him this week to see. I know he wants to set up a meeting with you just to finalize some things, but I've got to follow up with him first.

BROOKE

1:33 Okay.

BROOKE

1:46 Okay, perfect. And so you mentioned that he met with the controller last week? Do you, did you guys get a chance to meet with ServiceFusion and service tighten?

TYLER

1:57 We haven't met with ServiceFusion?

TYLER

2:03 We were looking at.

TYLER

2:07 There's no building ops was on the table as well, but it looks very similar to similar to what service trade is. So... we're pretty focused on moving forward with service trade to be honest.

BROOKE

2:22 Okay, perfect. So we're just waiting to hear you're waiting to get your update from Kirby, and then do you want me to email you some of my available availability for this week and next to see when it makes sense for us all to hop on a meeting?

TYLER

2:37 Yeah, if you can send me availability for next week, if you can shoot me over the email, I'll follow up with him today, things in place. And then I'll see what his schedule is, like, what type out your times and see if we can set something up?

BROOKE

2:44 Bye.

BROOKE

2:52 Okay. And how much time are you for saying we would need one hour, two hours?

TYLER

2:58 If you can just put it in an hour for now and then let me follow up with her. And then if we, yeah, if I'll message you back, then at least we got some dates to start with. And then it looks like we need some more time and we've got to adjust it. We can, but at least we've got a date that we can target then that way.

BROOKE

3:09 So...

BROOKE

3:13 Yeah.

BROOKE

3:16 Okay, perfect. I will get to work on that, and then, yeah, just reply when you can with the best day and time that works for you.

TYLER
